

Welcome to the IICF UK

Helping communities
and enriching lives, together

**Insurance Industry
Charitable Foundation**

OUR PURPOSE

IICF believes the insurance industry can be a united force for good and that everyone should be able to achieve their full potential.

The UK has one of the poorest rates of social mobility in the developed world.*

This is why we are helping to improve social mobility and change lives by presenting a coordinated approach to volunteering, leadership and grants to charities nominated by leaders in insurance.

OUR APPROACH

IICF is activating change in four ways:

01

We raise funds for grants to UK non-profits advancing social mobility to change the lives of people facing disadvantage.

⋮

02

We provide meaningful opportunities for employee engagement and volunteering by connecting our corporate and charity partners.

⋮

03

We help employees to grow as leaders and make a difference by serving on an IICF board or committee.

⋮

04

We convene leaders across industry sectors to exchange ideas and drive collective action on DEI and social mobility.
